ENVESCA | CASE STUDY FEBRUARY 2020

envesca
safeguarding your future

Envesca are an Award Winning training, consultancy and support company specialising in the mandatory requirements relating to Health and Safety and Food Safety matters.

“The process is so easy, we place an order and it appears a few days later. We now have hardbacked folders that look nice and so much more professional”

Sue Ellis – Managing Director

The business originally produced their training materials in house but this of course proved to be time consuming and quality was also sometimes an issue. So, they decided to outsource their requirements and that's when they joined forces with HB Digital. This was more than 10 years ago and the relationship continues to flourish today.

About HB Digital Printing Ltd.

We operate a process that ensures our efficient and flexible levels of service along with quality of are maintained for all of our customers.

Sue further said: “We are very happy with what HB do for us, they are efficient and very professional and are great guys to work with”
